About us

Pet Qwerks was founded in 2003 with its flagship toy the Babble Balls. Since the beginning our mission has been to make products that are safe and will put a smile on your dog. Our toys have stood the test of time. Today, the Babble Balls continue to grow in popularity all over the world.

In 2014 Pet Qwerks entered the nylon chew arena with infused flavor technology. With this catalog we have expanded the line with the most beautiful and largest chews made. If you would like to sell the best and the biggest nylon or wood poly chews then you have come to the right place. Our chews are made with FDA Compliant, USA sourced nylon. Pet Qwerks remains the only company to sell chicken, peanut butter, sweet potato, and more, nylon bones that smell fresh from the kitchen! We are proud to deliver amazing quality that is Made in the USA!

Pet Qwerks is located in Irvine, California a community renowned worldwide for innovation and leading technology.

About our family of chews...

Pet Qwerks chews are made from the finest and safest ingredients available. We mold, flavor and package our chews in USA. We also source all ingredients from USA. Our flavorings are proprietary formulas that are compounded in a sterile laboratory environment.

**BarkBone® (2017)**
Bulky premium chews.
In durable bacon nylon and BBQ flavor.
The BarkBones are ideal for serious chewers.

**Dinosaur BarkBone® (NEW)**
For super aggressive chewers. Bring out the best in your dog with these monsters. FDA Compliant solid bacon nylon or wood. These are the largest bones manufactured today. XXXL weighs in at more than a pound!

**Rawhide Style BarkBone® (NEW)**
For Aggressive chewers!
Massive solid FDA compliant, USA sourced nylon & bacon.
A healthy alternative. The large size weighs in at over one pound!

**Flavorit® BarkBone® (2016)**
Luxurious chews that are pre-flavored and retain the feature to add your special ingredients. It’s a chew and a treat!

**Flavorit® Original (2014)**
Our flagship of chews! Flavorits® are both durable and fun. It’s your creativity that makes Flavorit® original special for your pup. Flavorit® original is both a chew and a treat all rolled into one!

**Pig Ears (NEW) & Antlers (2014)**
Popular novelty chews that are made from the same ingredients as our BarkBones. They provide a different shape for variety. We all like to change it up!

Giving back

OC Animal Care has been in existence in the City of Orange since 1941. In those days it was simply called “The Pound”. Today, it’s the most go to shelter for the residents of Orange County.

Today, OC Animal Care takes in over 30,000 live animals each year. The shelter can house over 380 dogs, 300 cats, 50 rabbits and a variety of other types of animals. Three on-staff veterinarians fully review, vaccinate and care for each animal that comes to the shelter and six contract veterinarians handle over 5,000 on-site spay/neuter surgeries each year.

Although the shelter is an older facility, staff continues to be proactive in creating an enjoyable place for shelter visitors and animals. Last year, over 9,000 animals were adopted from OC Animal Care and more than 3,200 animals were reunited with their owners. Although these are great successes to celebrate, there is always more work to be done.

**NEWS:** A new facility was started in June 2017. It will be a state of the art 10 acre, thirty million dollar animal care center. Pet Qwerks has made a pledge to give every dog leaving the facility a new toy and a chew to help transition successfully into their new family. Any other pet product manufacturer is encouraged to join our effort. Learn more about it by contacting Pet Qwerks or OC Animal Care directly. www.ocpetinfo.com.
